

SISTER Z

Where do I begin? She's been around as long as I can remember. She seems to make time for Baptisms, birthdays, graduations, weddings and funerals. I don't think there's anywhere in the world that she's traveled and hasn't run into someone that she knows. If you looked up the word "genealogy" in the dictionary there would be a picture of Sister Z. I want to thank her for all the hard work she has done to teach and inform me of my Irish Roots.

Love,
Connie (Doerr Yorek)
